Department of Fish & Game  
1596 West North Temple  
Salt Lake City, Utah

Attention: Mr. Dewsnap

Gentlemen:

*Re: Price River*

I am writing this letter in behalf of the Price River Water Users Association and other water users on the Price River.

I am informed that Milton Oman sold a large tract of land to your Department but retained the right to operate the ranch and use the land for a period of time including the present season. The details of your arrangement, of course, are not known to us. It is reported that although there is no water right of record for the irrigation of the Oman land, all of the water of the creek which crosses through the land is being diverted and used without legal right.

It will be appreciated if you will look into this matter and advise me as to whether my information is correct and if so, you will order that the unlawful use of water be stopped at once. I am sending a copy of this letter to the State Engineer.

Respectfully,

E. J. SKEEN

EJS:nlb

cc: State Engineer of Utah
